Name of stream, lake or other source.
2. The amount of water applied for is 0.55 sec. ft. second-feet
One second-foot equals 448.83 gals. per min.
 (a) If stored in reservoir give number of acre-feet _____ acre-feet
3. The water to be used for domestic use and lawn irrigation
Irrigation, power, mining, manufacturing, domestic, or other use.
4. If use is for:
 - (a) Irrigation (state number of acres to be irrigated) 1/2 acre
 - (b) Stockwater (state number and kinds of animals to be watered) 0
 - (c) Other use (describe fully under "No. 11. Remarks") _____
 - (d) Power:
 - (1) Horsepower developed 0
 - (2) Point of return of water to stream 0
5. The water is to be diverted from its source at the following point: Within the NW $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 13,
T. 32S., R. 66E., Mt. Diablo B.L. & M. at a point S. 86° 47' 20" E.
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land,
3908.9 ft. from Sec. Cor. 11, 12, 14, 13, which is at the northwest
it should be stated. corner of Section 13.
6. Place of use. In NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 13, T. 32S., R. 66E., Mt. Diablo B.L. & M., more specifically
described as follows: Describe by legal subdivision, if on unsurveyed land it should be so stated.
Beginning at a point in the north line of said Section 13, bearing N. 89° 57' W.
along said north line 701.79' from the northeast corner of said section, thence
0° 03' W. 160.0' to true point of beginning; thence continuing South 0° 03' West,
380.0'; thence south 89° 57' east, parallel with said north line of section 640.34
feet to the intersection with the east line thereof; thence North 6° 32' 30" East
along said east line 382.45'; thence North 89° 57' W., parallel with said north
line of section 683.58 feet to point of beginning.
7. Use will begin about January 1st and end about December 31st, of each year.
Month Month
8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans
 and specifications of your diversion or storage works.) Existing well at point of
diversion mentioned in (5) above.
State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.

9. Estimated cost of works.....
10. Estimated time required to construct works.....
11. Estimated time required to complete the application to beneficial use.....
12. Remarks Map submitted under separate cover.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level at permittee's well due to any other ground water development in the area. A substantial weir or other type of measuring device must be installed and measurements of water use kept. The well shall be equipped with a 2-inch opening for measuring depth to water. If well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times. No perforations shall be made in the casing less than 100 feet from the ground surface.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.1 cubic feet per second, but not to exceed a annual duty of 5.0 ac. ft. per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before December 9, 1972

Proof of commencement of work shall be filed before January 9, 1973

Work must be prosecuted with reasonable diligence and be completed on or before December 9, 1973

Proof of completion of work shall be filed before January 9, 1974

Application of water to beneficial use shall be made on or before December 9, 1974

Proof of the application of water to beneficial use shall be filed on or before January 9, 1975

Map in support of proof of beneficial use shall be filed on or before.....

Commencement of work filed JUL 5 1972
Completion of work filed NOV 12 1973
Proof of beneficial use filed DEC 6 1974
Cultural map filed.....
Certificate No..... Issued.....
